

Hegelian Dialectic – Satan’s Tactic Exposed

Short summary: Satan has both sides covered. The dark side is being exposed in real time - government corruption and tyranny. Satan wants this exposure, so he can steal souls when he presents the solution – the light side. The Bible says Satan disguises himself as an angel of light. Mankind is easily deceived because of our desire for security and comfort – look at how most fell for masks and the jab. Satan cannot do these things on his own. He is masterful at playing on human nature. He is not God and cannot provide the true light of God, which overcomes evil. God’s truth is outside of this fishbowl.

Conclusion: If you have ever sensed ‘they are all in on it’ or when you vote you are ‘voting for the lesser of two evils’ you were right. You do not have to participate in the darkness or the false light. God’s light exposes evil and protects those who believe. God’s people are in the world but not of the world. Don’t be fooled by false light; we are called to test and reject every kind of evil – narrow is the road that leads to life, and few will find it.
