

Good morning,

Revelation 13 spells out Satan's esoteric battle for souls...Satan exoterically pits the anti-Christ system (Great Reset) against the false prophet system (Great Awakening). Is what we are experiencing all by design, with Satan controlling both sides? Who is behind the propaganda?

Last week, we released a 5-minute explainer video capping the 3-part series, posted on **Deprogramming With Grace's Dad: [The Matrix Revealed Explainer Video](#)**. You're going to want to sit down for this one—and then share it widely with friends, family, and all who need to be awoken to the evil we face.

As you are aware, I previously did a deep dive into the “*who, what, where, why, when and how*” of the medical system's participation in the agenda – [Medical Murder is the #1 Cause of Death in the U.S. - By Design](#); resulting in a [national press release](#). Now, this podcast series exposes—in plain English—the deception that the other side is using to push forward the false prophet “solution” to the agenda of the Great Reset. News flash – Satan controls both sides. In this compelling and deeply researched new presentation, I unpack how Satan's battle for souls plays out in The Matrix of our world. I show how the Red Pill is a less evil trap designed to further enslave us; and, most importantly, how to stop playing the game and escape The Matrix.

Each part of the series has a related Power Point and presentation outline, all available to download.

*The three parts are:*

**Part 1:** 'The Plan to Take Down the Satanic Cabal Was Written By the Satanic Cabal'

**Part 2a:** 'Peeling Back the Layers – Exoteric Deceptions'

**Part 2b:** 'Peeling Back the Layers – Deception Focused on Christians'

**Part 3:** 'Escaping the Matrix'

The entire series is found on Grace's website, [www.OurAmazingGrace.net](http://www.OurAmazingGrace.net).

As the medical murder death toll mounts, sharing this information widely is one of our most effective ways to save lives—and **our best chance at escaping the narrative/counter-narrative tactics and deceptive dialectics that seek to trap us in the evil versus less evil illusion of choice.**

Thank you for watching, and thanks again for your support.
